

CHANGING A FACADE WITH 25 EUR

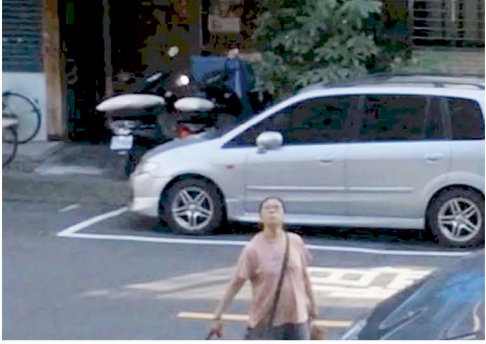

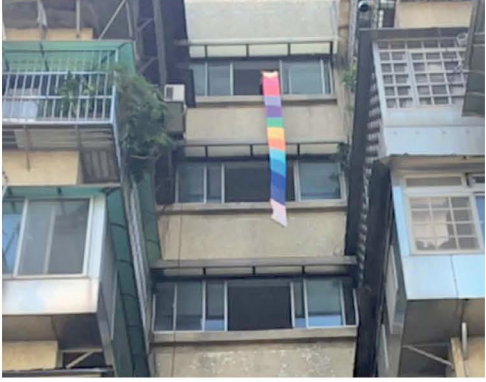

Yi-lin Wu, TW, 2016

In one of the old quarters of Taipei the atmosphere is defined by odd and greyish blocks.

With some paper and a role of duct-tape a temporary facade design is created.

How much change just some colour can create.

**Project from a workshop at the Taipei National University of the Arts,
Taiwan, Dept of New Media
Workshop: Juliane Stiegele**
